More Assassinations to Take Place in New Orleans.

MAYOR SHAKESPEARE MUST DIE

Also—Wickliffe and Parkerson Are Deceived—Ex-Secretary Bayard Says the United States Is Not Responsible for the Lynching—Indemnity Claims Ignored—Other Echoes of the Mob's Work.

New Orleans. March 18.—A letter purporting to come from a committee of 300 Italians was received by Mayor Wickliffe yesterday in which it was stated that Wickliffe, Parkerson and himself must die at the hands of the above-mentioned mob. The letter also stated that the chief assassins are not yet caught. The letter is thought by the Police Castle to be a hoax.

W. S. Parson also received yesterday the following note, purporting to come from a member of the staff of the Italian delegation:

TRUCK FARMING.

Statistics Gathered by the Census Bureau Concerning an Important Interest.

WASHINGTON, March 18.—The census office has made public a bulletin on truck farming, which for the first time in the history of the country, has been made the subject of census investigation. The statistics are compiled from returns which have been received up to Jan. 1, 1890.

Truck farming, as considered in this report, is distinct from market gardening; the former is carried on in favored localities at a distance from market, water and rail transportation being necessary, while the latter is conducted near to local markets, the grower of vegetables using his own means for trans-porting his products direct to either the retailer or consumer. Upward of \$100,000,000 are invested in this industry, the annual products reaching a value of \$3,517,513, the farm after paying freights and commissions, and realized upon 534,440 acres of land. There are employed in this industry 215,767 men, 231,751 women, an 8,511 children, aided by 57,586 horses and mules, and \$1,971,240 worth of implements. A substantial number of acres under cultivation for truck-farming purposes and the value of products raised given by districts is herewith appended:

Districts.	Acres	Products.
Peninsular.....	25,711	\$2,413,648
Mississippi Valley.....	35,180	4,082,571
Southwest.....	25,889	4,072,578
Central.....	10,414	13,422,23

LANDSLIDE.

Three Houses Buried Entirely Out of Sight at Kansas City.

KANSAS CITY, March 18.—There was a landslide at an early hour yesterday morning at the high bluffs, opposite Eighteenth street, between Mercer and Terrace streets, which buried three houses and Frank Fuga, a 6-year-old boy, in one of them. He was dug out all right, but suffering from severe bruises. Other inmates of the houses fled in time to escape injury. The section of the bluff which fell was one hundred feet in length, forty feet wide and about twenty feet in depth. It tumbled down upon a block of frame buildings, and reduced to debris the buildings at 1851 and 1853 Terrace street, and completely laid the wreckage of sight.

At 1809 Terrace lived the Fuga family. The Fugas, except the boy, got out of the house before the crash came.

Every part of the house except the kitchen, into which the boy ran, was crushed in his escape from death being all right, but suffering from severe bruises.

Other inmates of the houses fled in time to escape injury. The section of the

bluff which fell was one hundred feet in length, forty feet wide and about twenty feet in depth. It tumbled down upon a block of frame buildings, and reduced to debris the buildings at 1851 and 1853 Terrace street, and completely laid the wreckage of sight.

Another at the Same Time.

NEW YORK, March 18.—Fire was discovered in the six-story building Nos. 28 and 30 Leonard street, occupied by H. B. Clafin & Company as a storage warehouse, about 6 o'clock last night. The fire was confined to the second and third floors in the rear part of the building. About \$50,000 worth of goods were stored in the building, all of which is more or less damaged by smoke and water. The loss is estimated at about \$50,000, fully covered by insurance.

Brewery Damaged.

NEW YORK, March 18.—Fire was discovered in the immense establishment of the Knickerbocker Brewing Company, One Hundred and Seventy-eighth to One Hundred and Eighty-eighth streets and Seventh to Eighth avenue, about midnight, and for a time it was thought the building was doomed. The flames were controlled, however, after \$2,000 damage had been done.

Colored Children Burned to Death.

BALTIMORE, March 18.—Three colored children were burned to death in a fire which occurred at Rock Springs, W. Va., Sept. 2, 1887, afforded a precedent for a claim for indemnity in the latter case, he said.

"No, I think not. The cases are not similar. It is very doubtful if the perpetrators of the Wyoming outrages were American citizens. It occurred at a place and under circumstances that made it impossible to afford the same protection from the lawless miners who assailed them. In the settlement of the Chinese case the United States government agreed to pay the bill of \$47,773 which the Chinese gave payment rendered, but it was especially significant that the pay should not be under-

DARING ROBBERY.

A Young Lady Brutally Treated by a Tramp at Beaver Falls, Pa.

BEAVER FALLS, Pa., March 18.—Yesterday a daring robbery occurred on College Hill, a suburb of this place.

Bethia Park, a 16-year-old daughter of a well known citizen, was left alone in charge of the house of a neighbor, Mrs. Bradley, the latter with her family being absent. At 11 o'clock a man, presumably a tramp, demanded something to eat.

Miss Park refused to supply his wants, whereupon he was seized, chloroformed, bound and gagged and thrown into the cellar. The robber then ransacked the house, securing money and other valuables. He then prepared and ate his dinner and left the house. Miss Park was discovered at 5 o'clock a member of the family. She was resuscitated but is in a critical condition from injuries and effects of chloroform. There is no news to the villain.

Secretary Blaine ill.

WASHINGTON, March 18.—Secretary Blaine is suffering from a severe cold.

SERIOUS FIRE LOSS.

A Million Dollars' Worth of Property Destroyed.

EIGHT STORY BUILDING BURNED

Three Hundred and Fifty Employees in the Structure at the Time of the Breaking Out of the Fire—Narrow Escape from Burning to Death—Other Damage.

NEW YORK, March 18.—Shortly after 5 o'clock yesterday evening fire started in the eight-story building at Green and Bleeker streets, occupied by Alfred Benjamin & Company, wholesale clothiers, and in two hours the great structure was a mass of ruins. The loss on building and stock is estimated at about \$1,000,000.

CALIFORNIA SENATORIAL CONTEST.

It is Alleged That Money Has Already Been Used as Bribe.

SAN FRANCISCO, March 18.—At a conference held by the friends of Dr. Young, it was decided to withdraw his name in favor of Felton. The joint committee yesterday resulted as follows: Dr. J. W. Felton, Dr. Elian in d.; Mr. T. H. Perkins, T. Johnson in N. Neely a majority. An adjournment was then taken.

After the adjournment of the joint legislative convention yesterday afternoon a tremendous session was opened by the entrapping of several of the legislators in an actual case of bribery in behalf of Felton. A prominent Republican has been for several days in possession of information that members of the legislature were being bribed to vote for

United States senator Monday a memorandum was published out of the waste basket in the state library, on which names and amounts were given.

It had been torn up by some careless boggler, but was pasted together again by the person who found it. This evidence was quickly followed to its conclusion and the whole thing turned over to Attorney General Hart.

The official when asked yesterday evening to tell the story said: "The amount of money to be used for purchasing the votes was \$2,000." This money was drawn Monday from a bank in Fresno, but the name of the bank I will not give you. The amount to be paid each member was \$2,000. That is all I shall say."

The memorandum in the hands of Attorney General Hart gives the names of the assemblymen purchased and the amounts each received.

NEW ORLEANS' DANGER.

Threatened With the Greatest Flood Ever Known There.

NEW ORLEANS, March 18.—The river reached sixteen and eight-tenths feet above low water mark yesterday, with one-tenth of a foot of the highest last year and the highest ever known. It is evident that the flood of 1890 will exceed that of 1890 and be the greatest ever known.

At 6:30 o'clock the roof tumbled into the fiery furnace with a crash, which sent myriads of sparks flying in every direction. The firemen had already turned the streams on surrounding property, and a spread of the conflagration was averted. Five minutes later the side of the building above the third story swayed and fell into Green street.

It was scarcely a minute after the Green street wall fell, when the Bleeker street front swayed to and fro and also fell with the noise of thunder into the street. There was no one within fifty feet of it.

A member of the firm of Alfred Benjamin & Company says that there was more than \$1,000 worth of stock and samples in the building when the fire broke out. The building was worth about \$100,000. Both stock and building are a total loss. No cause can be assigned for the fire.

Whole Family Burned.

PITTSBURG, March 18.—In a fire in Wasser's row of tenement houses in Eden alley, Lawrenceville, last night, David Kupperman, aged 47, Mrs. Rachel Kupperman, aged 47, Simon Kupperman, aged 17, Trice Kupperman, aged 2, and infant child were burned to death.

The evidence was almost completely enveloped in the flames when the fire was over, the occupants not having awakened to see what danger they were in.

But for the cry of an infant in the burning house, overruled by a fireman it would have been cremated.

The firemen made a gallant effort to rescue the family, after a fierce battle with the flames and imminent danger to themselves, carried the five members of the family from the building.

Solomon Goldberg and Frank Smith, who boarded with the Kupperman family, were burned to death.

In this month it was stated in this city that Prince Napoleon had made a will which disinherited his eldest son, Irene, Victor, and vested in his younger brother, Prince Louis, the pretensions of the family of Bonaparte to the imperial throne of France.

Later on the press of the city stated that Prince Napoleon's political testament declared that France had forever abandoned the monarchial idea, and insisted that the traditions of the house of Bonaparte should never be used in the interests of a mere dynast.

The prince refused to permit any formal religious ministrations.

Prince Louis was said to have left, as a sacred legacy, the duty of upholding the Democratic empire. In a codicil written in the sick chamber, the dying prince expressed the hope that France and Italy would ever be united in their nations.

Epidemic of La Grippe.

ROME, March 18.—Prince Napoleon is dead. After dismissing all but other distinguished persons who had called on him, Prince Napoleon yesterday confined to his bed, but had not one or more visitors, and several of the family members remained with him.

The prince refused to permit any formal religious ministrations.

HOPE ABANDONED.

The Oil and Gas Field Near Martel Will Not Be Further Explored.

An advertisement in the Upper Sandusky papers announcing the machinery for sale that has been in use on the Martel lease of the Marion Oil, Gas & Coal Co. led the STAR to inquire if that company had abandoned all the hopes that were once so full of promise. Auditor Clark, an officer of the company, was hailed with an inquiry and he said in substance that the Martel field was to be abandoned. The lost tools had never been recovered, never could be, and the leases were expiring. This bad luck, together with uncertainties about renewing leases, had led the company to determine to wind up its affairs. The contractors were to furnish a clear hole and instead abandoned it with the lost tools, so the company has the machinery on its hands. When the sale is effected the business can be closed up. The cost of the experiment will not likely prove very heavy to the stockholders.

This is probably the last effort that will be made in Marion county to find oil or gas. The Martel field seemed a promising one. It is regretted that the drilling was not more fortunate.

Obituary.

Mrs. Margarette R. Moore was born in Washington county, Va., Dec. 3d, 1826, and departed this life, March 13, 1861. Her maiden name was Berry, John and Susan Berry being her parents. She came with her parents to Marion county, Ohio, in 1829, settling on a tract of one thousand acres of land, about a mile west of Green Camp. She was converted at the age of sixteen years and was baptized by Elder George Baker, uniting with the Green Camp F. B. church. For nearly forty-eight years she has been a faithful, exemplary member of the church. For years she has been afflicted and for the past year has been confined to her home. For eight weeks she had been confined to her bed, suffering much pain. But in all her afflictions she exhibited christian fortitude, never murmuring or complaining. Her prayer continually was that the Lord would help her to be resigned to His will and to endure her sufferings patiently. On the day before her death she attempted to sing once more one of the old songs of Zion that she loved so well. At 20 minutes to 12 o'clock she peacefully breathed her last, and fell asleep in Jesus.

She was married to David C. Moore February 27, 1848. She was the mother of six children, a daughter dying in infancy. She leaves a husband and five children—Ben Moore, J. E. Moore, Mrs. Rebecca Uncapher, Mrs. Mary Knickle and Mrs. Clara Hopkins—and eight grand children to mourn her death. She was the last member of a family of eleven brothers and sisters.
